[c] POLIMANIEIA *

From Cambridge a book called *Pohmanteia* showing the means lawful and unlawful to judge of the fall of a common-wealth by signs astronomical and the like, being pnt forward against frrvolous and foolish conjectures To this is added a letter of England to her three daughters, being the TOO Uni-versities and the Inns of Court, exhorting their children to •write of the worthies of our time , England to all her inhabi-tants exhorting them to stand together for that England cannot perish but by Englishmen ? Religion's speech to England's children , and lastly Loyalty's speech

PLUTARCH'S Lrvss

A new edition of that translation which Sir Thomas North published in 1579, made from the French of James Amyot out of the original Greek of *The Lives of the Noble Grecians and Romans, compared together* by that grave, learned philosopher and historiographer Plutarch of Chaeronea.
